FIRE ACTIVITY

Cal OES Fire Preparedness Levels		
National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 3	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 1

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

INLAND REGION

Flat, Vegetation Fire, Trinity County

Location: Reading Creek Rd., 5 miles SE of Douglas City

Jurisdiction: State DPA, SRA, FRA

Start Date/Time: 06/28/18 at 1801 hours

Per Cal OES Duty Officers and ICS-209 as of 07/04/18 at 1715 hours:

- 300 acres, 90% contained
- Expected containment: 07/06/18
- Crews continue to strengthen and improve containment lines

Lions, Vegetation Fire, Madera County

Location: Lion Point, in the Ansel Adams Wilderness Area

Jurisdiction: Federal DPA, FRA, Sierra NF/Inyo NF

Per Cal OES Duty Officers and ICS-209 as of 07/04/18 at 1710 hours:

- 4,000 acres, 60% contained
- Expected containment: 07/14/18
- Moderate fire behavior, flanking and isolated torching
- Managed fire for multiple resource benefit

FIRE ACTIVITY

INLAND REGION (Continued)

County, Vegetation Fire, Yolo and Napa Counties

Location: County Road 63 x Highway 16, Rumsey Canyon

Jurisdiction: State DPA, SRA

Type-3 IMT

Start Date/Time: 06/30/18 at 1412 hours

Per Cal OES Duty Officers and ICS-209 as of [07/05/18 at 0556 hours](#):

- 86,000 acres, [30% contained](#)
- Expected containment: 07/10/18
- Continued threat to Snow Mountain National Monument

Activations

- Yolo County Emergency Operations Center (EOC) is activated at Level 1 (low level staffing)

Deployments

- 2 Cal OES Fire and Rescue Branch Assistant Chief assigned
- 4 Public Safety Communications Technicians (PSCTs) and 1 trainee

State Assistance Requests

- On 07/03/18, Cal OES TACCOM delivered 10 satellite phones to the incident.

FMAG

- On 07/01/18, a Fire Management Assistance Grant (FMAG) was received. The request has been placed on hold.

Mandatory Evacuations

- Mandatory evacuations (Less than 700 persons)
- Mandatory: North of Hwy 128 in Yolo County, not including the City of Winters, South of County Road (CR) 23, east of Berryessa Knoxville Rd.
- West of CR 89, south of the community of Esparto
- Mandatory: Residences served by Hwy 128, between Monticello Dam and Pleasants Valley Rd. (Golden Bear Estates)
- Mandatory: West of Hwy 16, to Berryessa Knoxville Rd., South of Old CR 40, and North of CR. There are no permanent residents in this area, only the potential for visitors/campers.

FIRE ACTIVITY

INLAND REGION (Continued)

County, Vegetation Fire, Yolo and Napa Counties (Continued)

Advisory Evacuations

- Yolo County: North of Quail Canyon Rd., south of Hwy 128, east of the Blue Ridge mountains, west of Pleasant Valley Rd.
- Napa County: Communities of Berryessa Highlands, Markley Cove and Pleasure Cove Resorts, defined as east of Capell Valley Rd., north of Hwy 128 from Capell Valley Rd., east to the Napa County line and all of Steele Canyon Rd.

Evacuation Centers/Shelter

- Evacuation Center: Boy Scout Cabin, 16960 Yolo Ave., Esparto, Yolo County
 - Hours of operation: 0700-2400 hours
 - Population as of 07/04/18 at 0751 hours: 0
- 400 person shelter supplies on standby if needed

Road Closures

- SR 128 between Markley Resort and Pleasants Valley Rd.

Animal Shelter

- Large Animal, coordinated through the Yolo County Sheriff's Office at the Yolo County Fairgrounds, 1250 Gum Ave., Woodland
- A veterinary emergency response team is on standby.

Missions

- 2018-IREOC-47791: 2018 June Inland Fires - Two portable air quality monitors were requested. One to be located at the Esparto Community Services District facility, 26490 Woodland Ave., Esparto. One to be located at the fenced well site, 501 E. Main St., Winters

Petersburg, Vegetation Fire, Siskiyou County

Location: Petersburg x Caribou Creek Rd., 3 miles southwest of Cecilville

Jurisdiction: Federal DPA, FRA, Klamath National Forest

Start Date/Time: 07/01/18 at 1440 hours

Per Cal OES Duty Officers and ICS-209, as of 07/04/18 at 1649 hours:

215 acres timber, brush, 50% contained

- All evacuation warnings lifted
- Structure threat mitigated
- Other minor structures: Damaged 0, Destroyed 2

FIRE ACTIVITY

COASTAL REGION

Pawnee, Vegetation Fire, Lake and Colusa Counties

Location: Pawnee Rd. x New Long Valley Rd., 4 miles NE of Clear Lake Oaks

Jurisdiction: State DPA, SRA

Type-3 IMT assigned

Start Date/Time: 06/23/18 at 1726 hours

Per Cal OES Duty Officers and ICS-209 as of [07/05/18 at 0600 hours](#):

- 15,000 acres, [92% contained](#)
- Expected containment: 07/05/18
- Single Residences Damaged 3, Destroyed 12
- Other minor structures Damaged 3, Destroyed 10

Deployments

- 2 Cal OES Fire and Rescue Branch Assistant Chiefs
- 2 Public Safety Communications Technicians (PSCTs) and 1 trainee assigned

FMAG

- On 06/23/18, an FMAG request was received by Cal OES. On 06/24/18, the FMAG was approved by FEMA; FEMA-5244-FM-CA.

Proclamations

- On 07/03/18, a Proclamation was received from the Lake County Health Officer, proclaiming a Local Health Emergency due to the effects of the Pawnee Fire. They are not requesting assistance at this time.
- On 07/02/18, a Proclamation from Yolo County Flood Control and Water Conservation District was received due to the Pawnee Fire. They are not requesting any assistance at this time.
- On 06/25/18, Governor Edmund G. Brown Jr. issued an emergency proclamation for Lake County due to the effects of the Pawnee Fire, which has destroyed homes, threatened critical infrastructure, and caused power outages and the evacuation of residents.

[Click here for full proclamation](#)

- On 06/24/18, a Proclamation of Local Emergency was received from Lake County as a result of the incident. On 06/27/18, a letter was received from Lake County requesting disaster assistance under CDAA. On 07/03/18, a Resolution confirming the existence of a Local Emergency was received from Lake County, officially requesting CDAA and that the emergency proclamation be forwarded to FEMA for consideration under the Stafford Act.

WEATHER OF CONCERN

Weather of Concern

Northern California:

- Excessive Heat Watches are in effect Saturday morning through Sunday night for the San Joaquin Valley.
- The San Joaquin Valley Air Pollution Control District has issued an Air Quality Alert through today for the San Joaquin Valley due to impacts from wildfire and holiday fireworks smoke.
- Red Flag Warnings are in effect this afternoon through evening for portions of Siskiyou and Modoc counties.

Southern California:

- Critical fire weather conditions across Southern California tomorrow through the weekend due to forecast excessive heat, gusty winds, low humidities, and possible thunderstorms.
 - Excessive Heat Watches, Warnings, and Fire Weather Watches are in effect for most of Southern California Friday through Sunday.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

The main focus near term will be increasing southerly winds ahead of a vigorous offshore trough. The trough should relax its grip on the area during the weekend and allow a Four Corners High to strengthen and build northward into next week. This means developing hot conditions. Monsoonal thunderstorms could be in play late next week favoring the eastside. Gusty southerly winds will develop this afternoon across NE CA and Far Eastside as well as the middle and upper portions of the Sacramento Valley. General gusts should range between 25-30 mph although some locations within the Shasta Valley should experience gusts up to 35 mph. Relative humidity (RH) values will range between 15-25% within the windier areas although much higher near the coast and within the Delta Region. Similar southerly wind speeds are expected today and Friday across NE CA and Far Eastside while speeds within the Sacramento Valley should lower slightly. Humidity values should trend slightly lower today/Friday although remain high along the coast/inland coastal areas. There is a slight chance of showers and thunderstorms over the Modoc Plateau and Lassen area late Friday as a result of some movement of the offshore trough. As mentioned above, a Four Corners High should become well asserted during the weekend and provide a warming and ultimately drying trend. One out of three extended ensemble models is showing a secondary trough passage early next week but confidence is low.

SOUTHERN CALIFORNIA

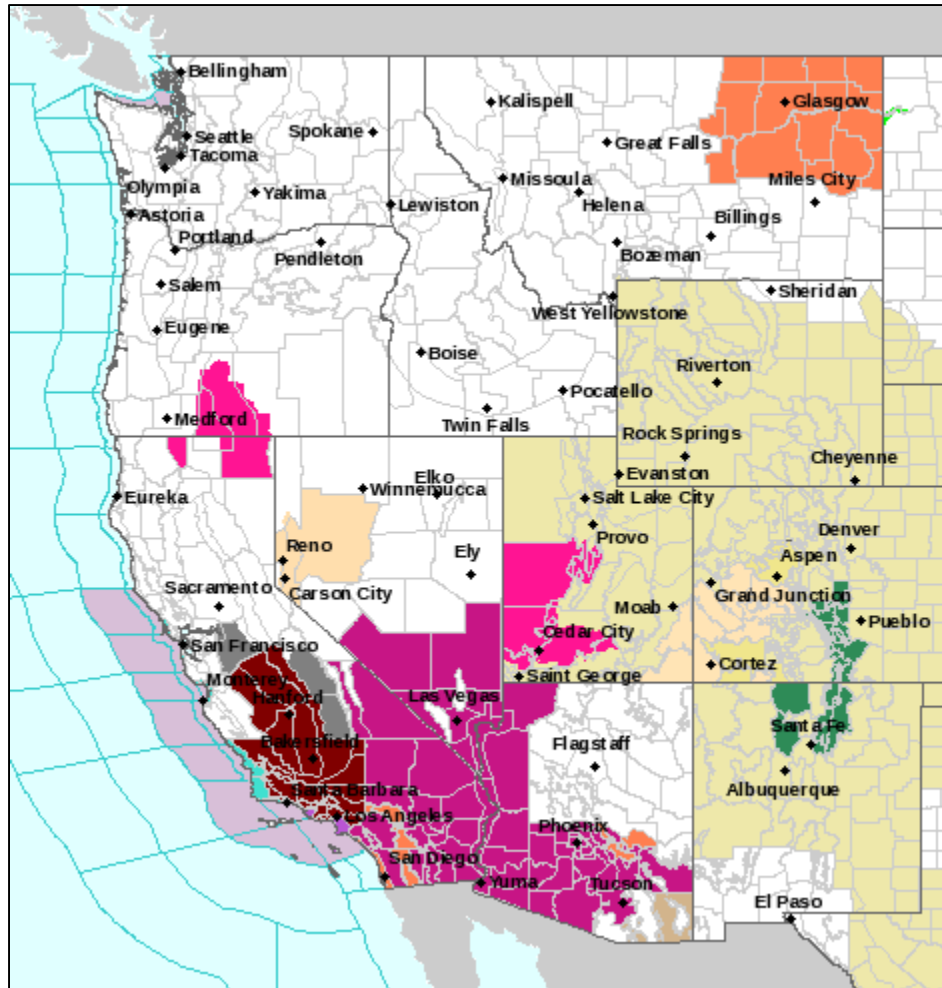

Very hot and dry Friday and Saturday over Southern California.

Sundowner winds expected across Santa Barbara County Friday into Saturday.

Isolated thunderstorms starting Friday and continuing into much of next week.

Strong high pressure over the Central and Eastern United States will build westward towards California in the coming days resulting in a significant heat wave across the southern portions of the state. **The hottest weather will be Friday when the inland valleys south of Point Conception will be in the 106 to 112 range.** To complicate matters, gusty sundowner winds will occur across Santa Barbara County Friday into Saturday morning, and isolated thunderstorms (some dry) will be possible over the southern mountains and deserts starting Friday. Increasing subtropical moisture will help to expand the threat of thunderstorm activity to include the Sierra this weekend with storms becoming wetter by Sunday. Temperatures will lower a little over the district and humidity values will increase from the expected minimums in the single digits and teens on Friday. However, it will continue to be hot with daytime highs above normal for early July. Daytime highs will continue to be above normal through at least the middle part of next week with a continued threat of thunderstorms (mainly wet) across the mountains and deserts, including the Sierra.
